Research Title and
Field
Article (Abstract)

Original
Research,
A01

Effect of
dietary
calcium
level on
egg
production
and
eggshell
quality in
broiler
breeder
hens from
36 to 60
weeks of
age

Effect of
breed, sex
and source
within
breed on
the
haematolog
ical
parameters
of the
Nigerian
goats

Original
Research,
A02

Effect of
dietary
corn silage
replacement
with
sorghum
silage on
performance
and feed
cost of
growing
steers

Original
Research,
A03

Effect of
weaner
body
weight on
growth
traits of
rabbits

Original
Research,
A04

Influence
of dietary
calcium
levels on
bone
developm
ent in
broiler
breeder
pullets up
to 18
weeks of
age
